

CAST BOX Model A - 1 WiFi Stream out

Regulatory Compliance and Safety Information - retain this information for future reference

Areas of use are e.g. Interpreting applications, hearing aid support, conferences, "pure listening" applications, silent conference, silent disco, etc.

This product shall only be connected to an external power supply rated at 5Vdc, and a minimum current of 3A. Any external power supply used with product shall comply with relevant regulations and standards applicable in the country of intended use.

This product should be operated in a well-ventilated environment and should not be covered.

This product should not be overclocked as this may make certain components very hot.

This product should be placed on a stable, flat, non-conductive surface in use and should not be contacted by conductive items.

To avoid malfunction or damage to your product observe the following for safe use:

Do not expose it to water, moisture or place on conductive surface during operation.

Do not expose it to heat from any source. The product is designed for reliable operation at normal ambient room temperature.

Take care whilst handling to avoid mechanical damage to the printed circuit board and connectors.

Avoid handling the product while it is powered on. Only handle by the edges to minimize the risk of electronic discharge damage.

All peripherals used with the product should comply with relevant standards for the country of use and be marked accordingly to ensure the safety and performance requirements are met.

This product complies with the relevant provisions of RoHS Directive for the European Union.

WEEE Directive Statement for the European Union: In common with all electronic and electrical products the unit should not be disposed of in the household waste. Alternative arrangements may apply in other jurisdictions.

EMC Compliance Statement European Union (EU) Electromagnetic Compatibility Directive: This product is in conformity with the protection requirements of EU Council Directive 2004/108/EC on the approximation of the laws of the Member States relating to electromagnetic compatibility.

This product has been tested and found to comply with the limits for Class B Information Technology Equipment according to the European Standard EN 55022.

This is an EN 55022 Class B product. In a residential environment, this product may cause radio interference in which case the user may be required to take adequate measures.

Federal Communications Commission (FCC) Emissions Compliance Statement: This equipment has been tested and complies with the limits of Class B digital device, pursuant Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- this device may not cause harmful interference, and
- this device must accept any interference received, including interference that might cause undesired operation.

Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at their own expense.

Processor
1.2GHz Quad-Core ARM Cortex-A53
Dual Core Video Core IV® Multimedia Co-Processor

Graphic CPU
Broadcom BCM2387

RAM
1 GB LPDDR2

DAC /DAC
up to 48 kHz, 16 Bit

Language
English

External Power
220V-240V AC, 50/60Hz (for Europe)
5V/ 3.000mA Output
110V Version on request

Interfaces
RJ-45 Fast Ethernet (10/100 Mbps) Base-T
2x XLR balanced channels Inputs including
600 Ohm Audio Transformer

Enclosure
19" steel enclosure, 2U height, low gloss black

Dimensions
250x181.2x68.2mm

Weight
app 3,5 kg
